PhD

Publication
dissertation
thesis
paper

Medicine
basic research
applied/clinical
pharmacology
odontology
epidemiology
life science

The focus of the thesis should be on statistical applications or the development of statistical methods in medicine.

The thesis should have been submitted to/from a Swedish university.

All FMS members* are welcome to nominate.

Nominations are reviewed and prepared by an independent committee appointed by the FMS board.

The winner is selected by the FMS board.

Criteria

- Relevance for medical statistics or the relevant medical field
- Originality in research question and methods
- Clarity of writing

Nominate to: fmsstyrelse@gmail.com

Deadline **September 15, 2024**

Attach or link to the essay

Fanny Bergström
winner 2023
